

Local Weather Network System (LWNS)

**Local Operations Client
(LOC)**

User Operations

LWNS/LOC

- Replaces legacy FCF/FO functionality
 - Added capability:
 - User-definable alert sounds and colors.
 - User-definable alphanumeric (A/N) and graphic product catalogs.
 - ***Ability to display other alphanumeric (A/N) products.***
 - ***Ability to display graphic products or loops.***
 - Receipt acknowledgement of Warnings, Watches, and Advisories.
 - Split-screen display for local ICAO.
 - Ability to display up to 20 alternate ICAOs.

LWNS/LOC

- Runs on standard Windows NT/2000.
- System now on Base LAN.
 - No longer uses dedicated two-wire circuits.
 - Configuration information (i.e. Hub Name, IP Address, Port Number, etc.) available from Base Weather Station.
- Once connected and session is accepted by N-TFS, LWNS/LOC window will appear.
 - Manual login required.
 - Only one assigned position may be active at a time.

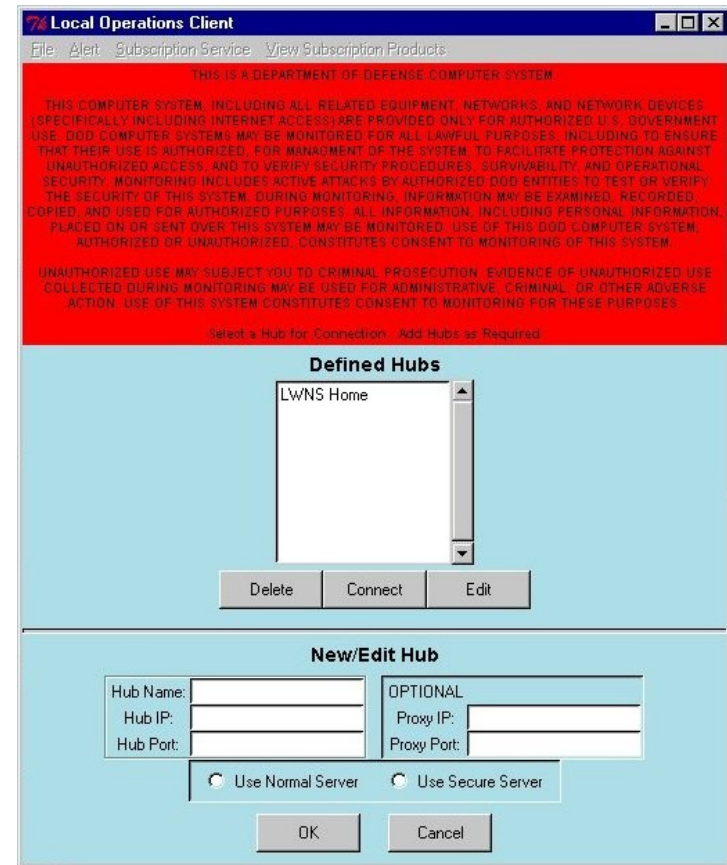

LWNS/LOC

- Three types of client logins (configurable from N-TFS Server):
 - LC - Command
 - LO - Operations
 - LS - Supervisor of Flying (SOF)
- Login accomplished in same manner as logging into an N-TFS Client.

LWNS/LOC - Configuration

- After selecting “TCI  .con , LOC login screen appears.

LWNS/LOC - Configuration

- To configure a new LOC Client:
 1. Enter **Hub Name** to identify applicable N-TFS Server.

- The following slides show how to set alert color and sound preferences.

LWNS/LOC - Preferences

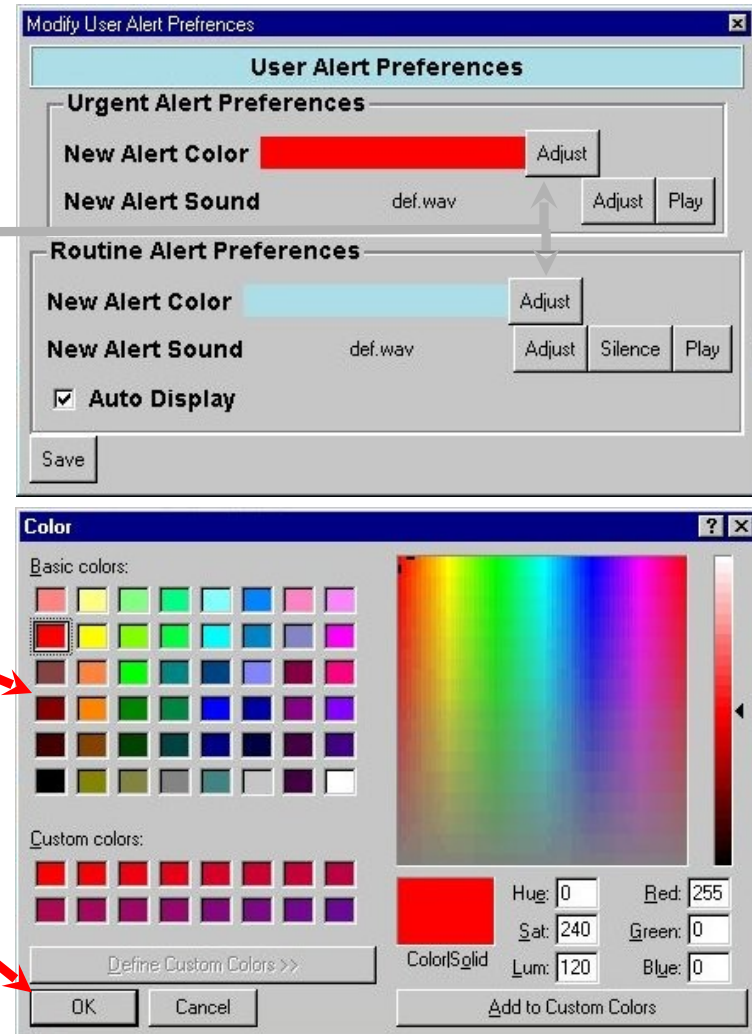

- To set an alert color, click on **Adjust**.

LWNS/LOC - Preferences

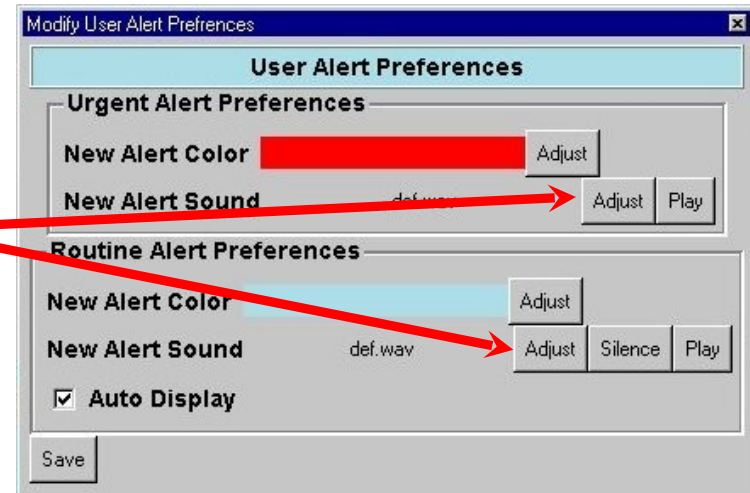

- To set an alert color, click on **Adjust**.
- **Color** dialog appears.
- Select a color.
- Click on **OK**.

LWNS/LOC - Preferences

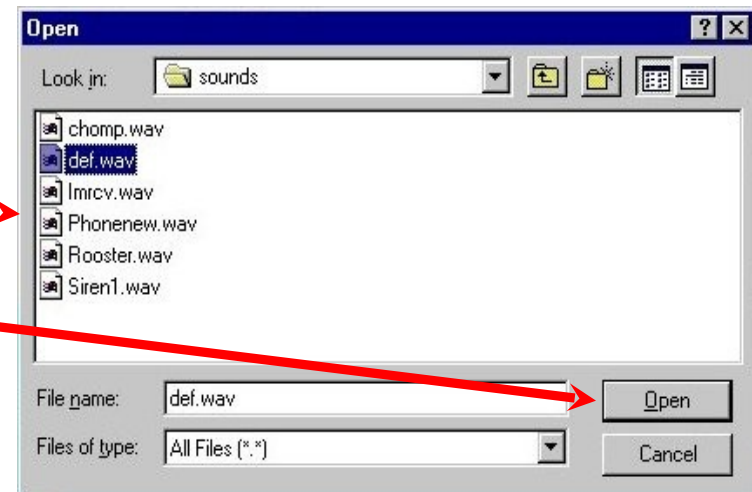

- To set an alert sound, click on **Adjust**.

LWNS/LOC - Preferences

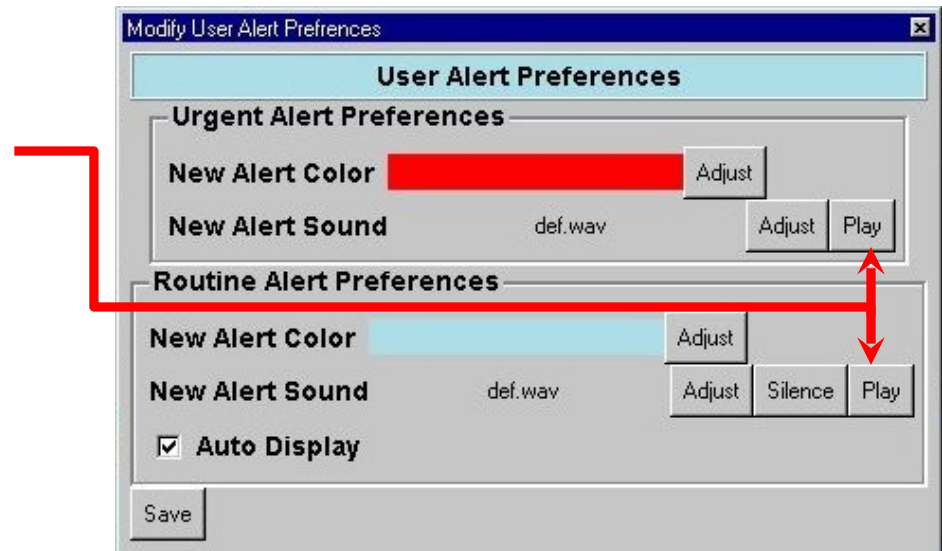

- To set an alert sound, click on **Adjust**.
- **Open** dialog appears revealing available sounds. (Any **.wav** file can added to **sounds** folder and used)
- Select a sound.
- Click on **Open**.

LWNS/LOC - Preferences

- To hear selected sound, click on **Play**.

LWNS/LOC - Preferences

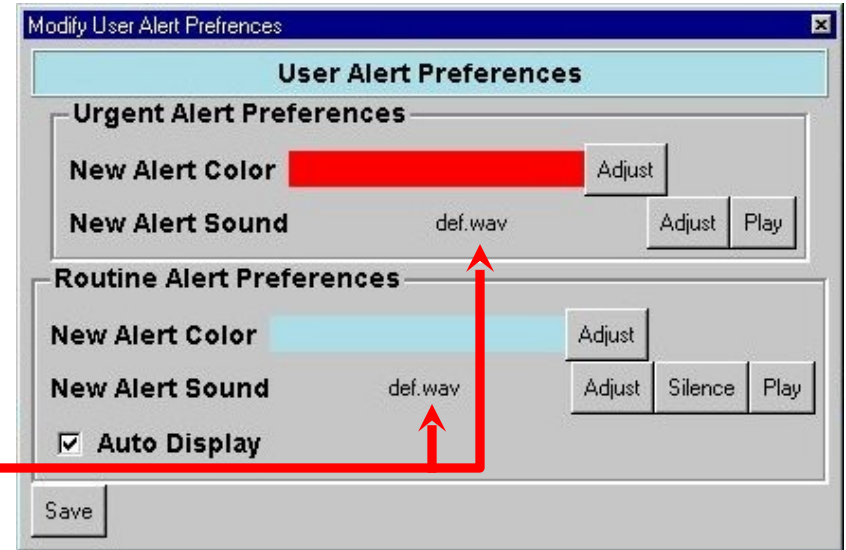

- To hear selected sound, click on **Play**.
- To silence the alert sound, click the **Silence** button.

LWNS/LOC - Preferences

- When an alert is received, you will hear the alert sound that is selected in **User Alert, Preferences.**

LWNS/LOC - Alerts

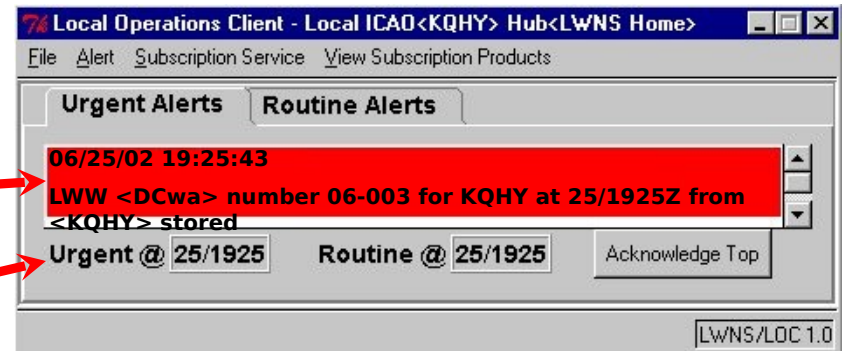

- When an alert is received, the time the alert was received is displayed here.
- **NONE** is displayed if there are no active alerts.

LWNS/LOC - Alerts

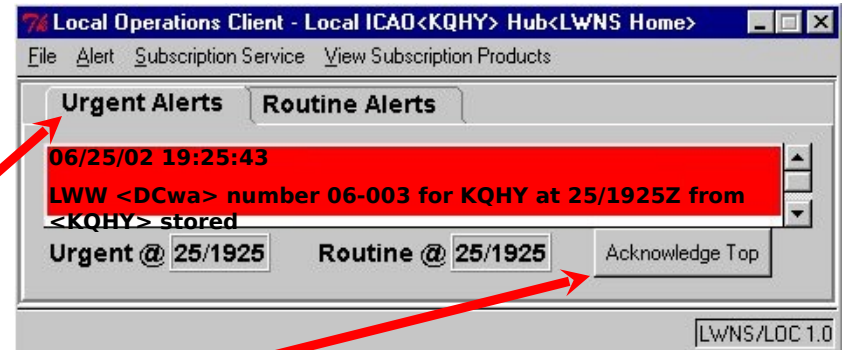

- When an **Urgent Alert** is received, User will:
 - See textual notification of actual alert.
 - See time the alert was received.
 - Hear alert sound.

LWNS/LOC - Alerts

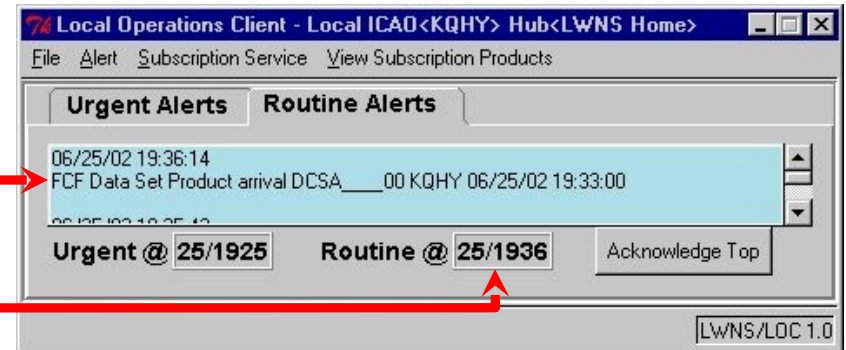

- To acknowledge an **Urgent Alert** (and to turn off the alert sound):
 - Select the **Urgent Alerts** tab.
 - Click on the **Acknowledge Top** button.

LWNS/LOC - Alerts

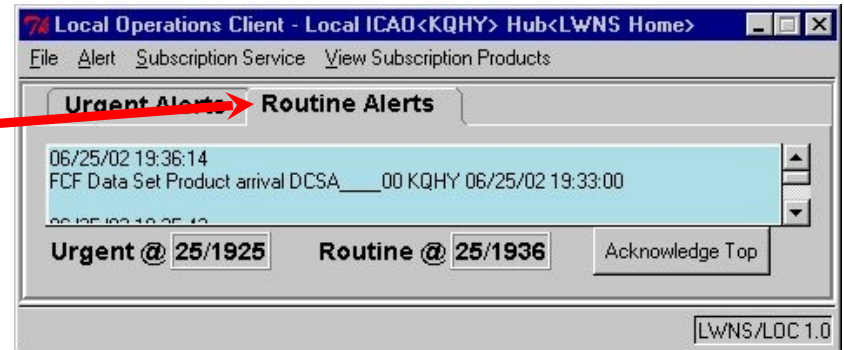

- When a **Routine Alert** is received, User will:
 - See textual notification of actual alert.
 - See time alert was received.
 - Hear alert sound.

LWNS/LOC - Alerts

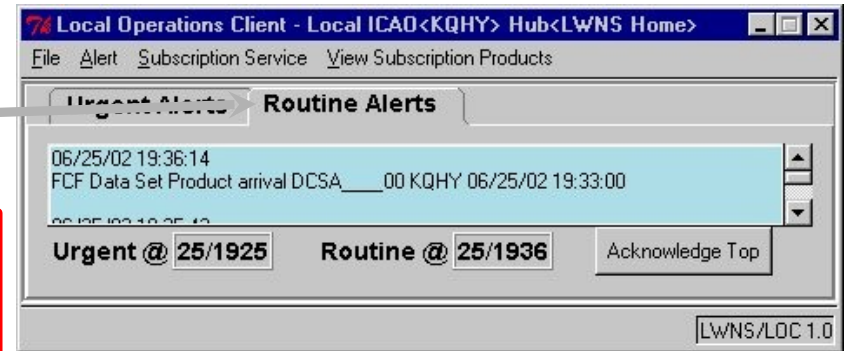

- To acknowledge a **Routine Alert**:
 - Select **Routine Alerts**.

LWNS/LOC - Alerts

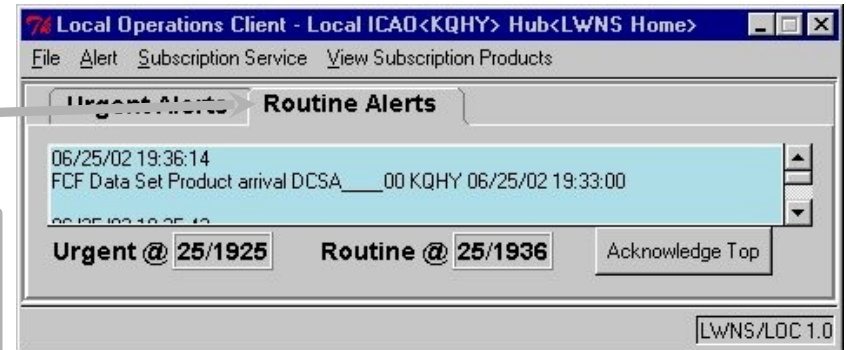

- To acknowledge a **Routine Alert**:
 - Select **Routine Alerts**.
 - Right-click in alert window. (Alert option panel appears).

LWNS/LOC - Alerts

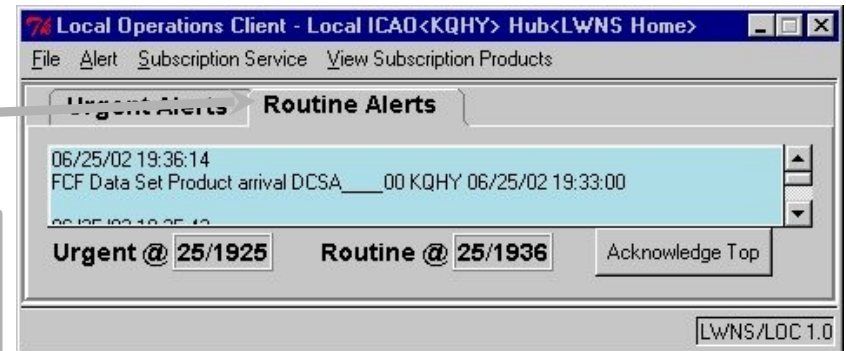

- To acknowledge a **Routine Alert**:
 - Select **Routine Alerts**.
 - Right-click in alert window. (Alert option panel appears.)
 - Select **Mark** to remove one alert,

LWNS/LOC - Alerts

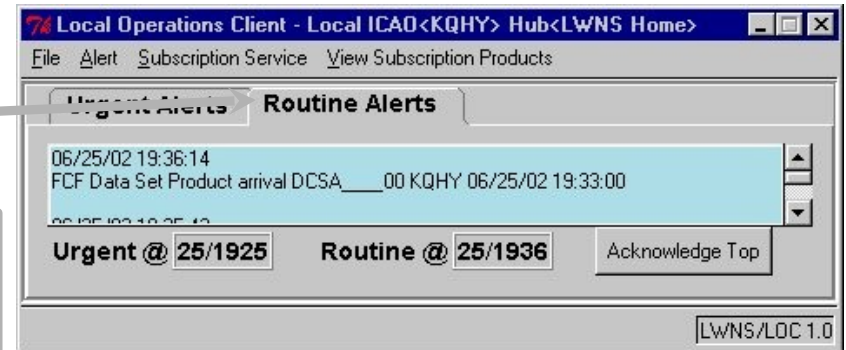

- To acknowledge a **Routine Alert**:
 - Select **Routine Alerts**.
 - Right-click in alert window. (Alert option panel appears.)
 - Select **Mark** to remove one alert, **Mark All** to remove all alerts,

LWNS/LOC - Alerts

- To acknowledge a **Routine Alert**:
 - Select **Routine Alerts**.
 - Right-click in alert window. Alert option panel appears.
 - Select **Mark** to remove one alert, **Mark All** to remove all alerts, or **UnMark** to deselect already marked alerts.

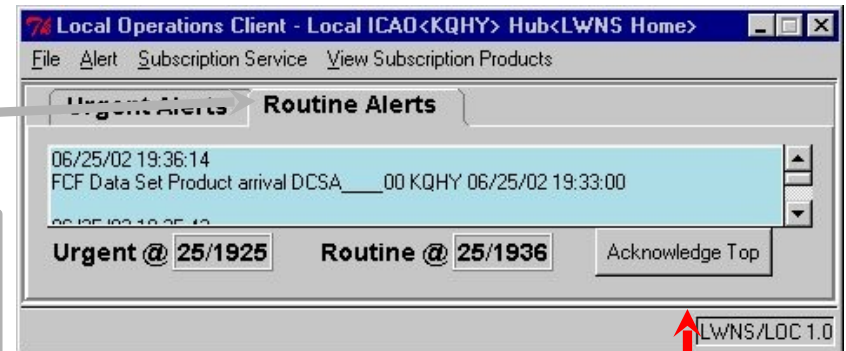

LWNS/LOC - Alerts

- To acknowledge a **Routine Alert**:

- Select **Routine Alerts**.
- Right-click in alert window. (Alert option panel appears.)
- Select **Mark** to remove one alert, **Mark All** to remove all alerts, or **UnMark** to deselect already marked alerts.
- Click on **Acknowledge Top** to remove the marked alert(s).

LWNS/LOC - Alerts

- **Urgent Alerts** are received when Warnings, Watches, and Advisories are received.
- The selected Urgent Alert sound will sound continuously until the **Acknowledge Top** button is depressed.
 - A receipt acknowledgement (RAP) is automatically generated.
- Only one Urgent Alert can be acknowledged at a time.

LWNS/LOC - Alerts

- **Routine Alerts** are received when normal datasets are received.
- The selected Routine Alert sound will sound only once, upon receipt.

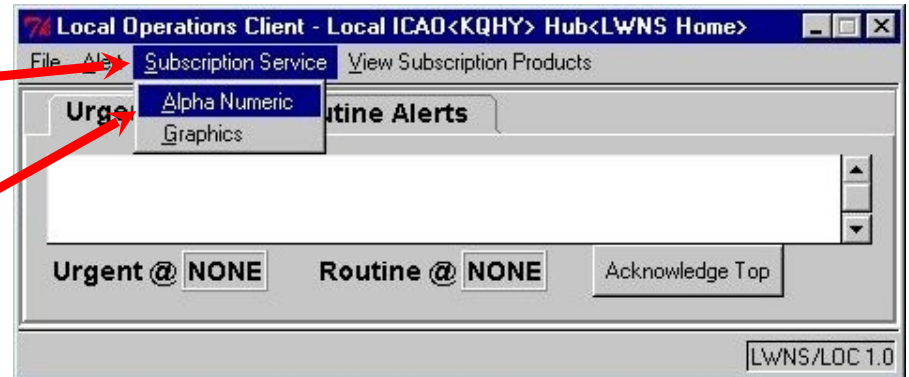

LWNS/LOC - Operations

- To view available products, User must first “subscribe” to them.
- The A/N and graphical product catalog is initially defined from the N-TFS Server.
- Then the user must use the **Subscription Service** to select items from the product catalog.
- After this is accomplished, you can view available products by using the **View Subscription Products** menu.

LWNS/LOC - Operations

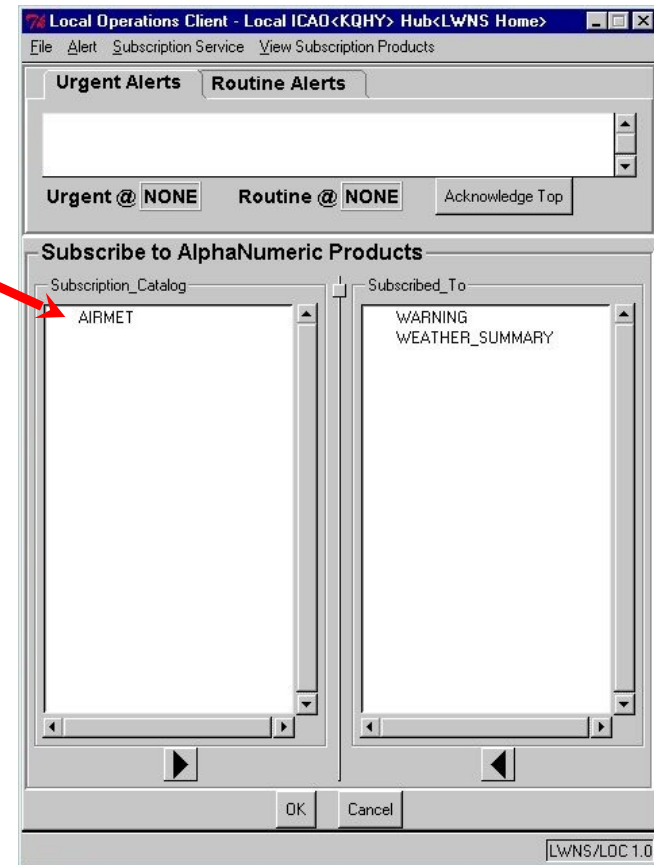

- To select available A/N products, click on **Subscription Service**.
- Click on **Alpha Numeric**.

LWNS/LOC - Operations

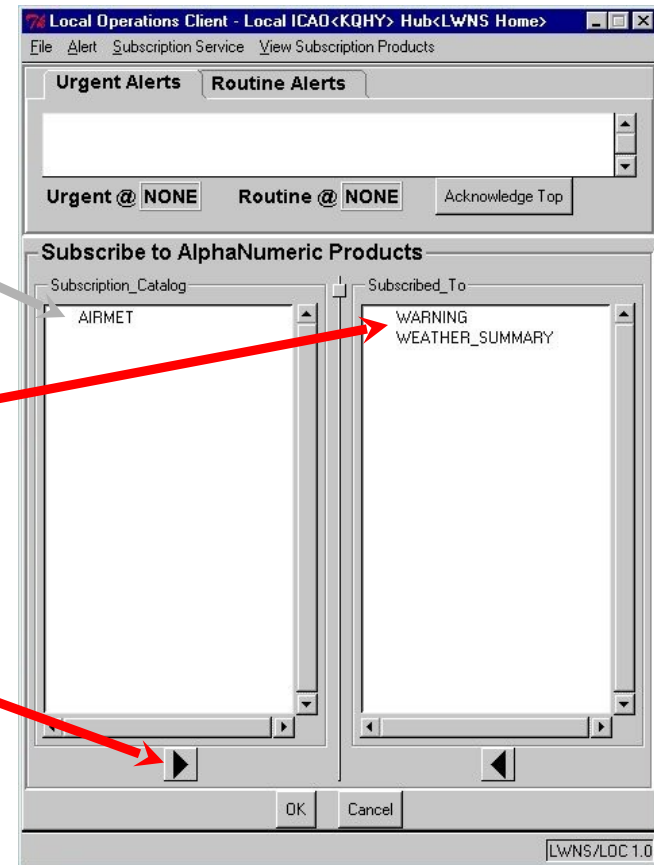

- Select a product(s) from the **Subscription Catalog** (left pane).

LWNS/LOC - Operations

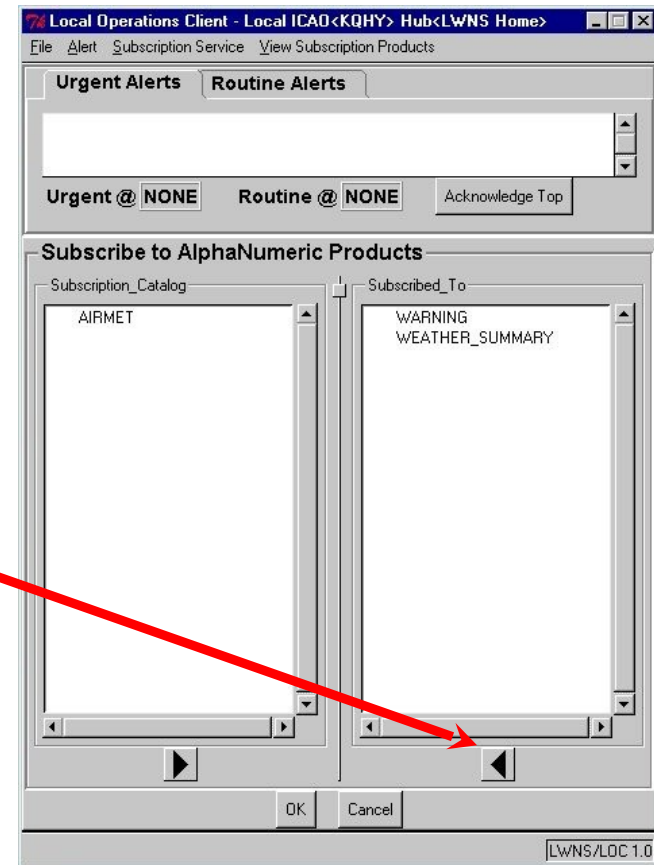

- Select a product(s) from the **Subscription Catalog** (left pane).
- Move the product(s) to the **Subscribed_To** window (right pane), by using the right arrow.

LWNS/LOC - Operations

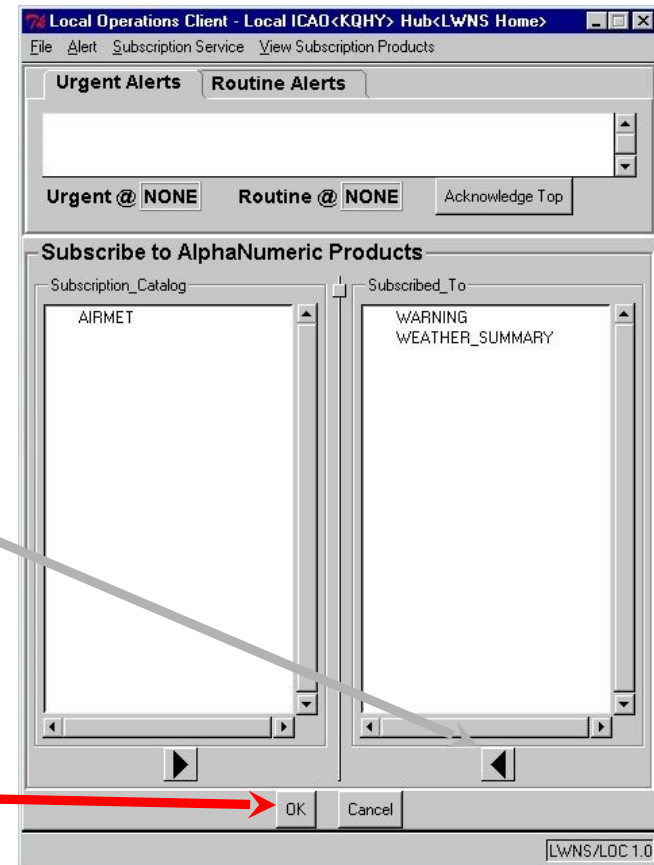

- To deselect a product, move it from the **Subscribed_To** window back to the **Subscription Catalog** by using the left arrow.

LWNS/LOC - Operations

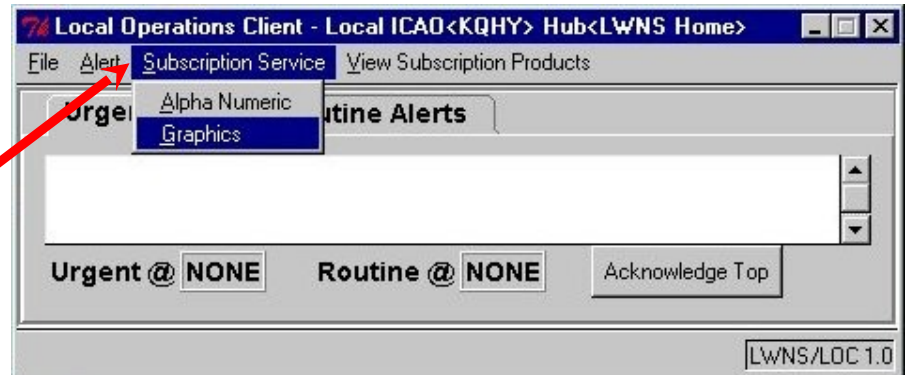

- To deselect a product, move it from the **Subscribed_To** window back to the **Subscription Catalog** by using the left arrow.
- When finished with product selection/deselection, click on **OK**.

LWNS/LOC - Operations

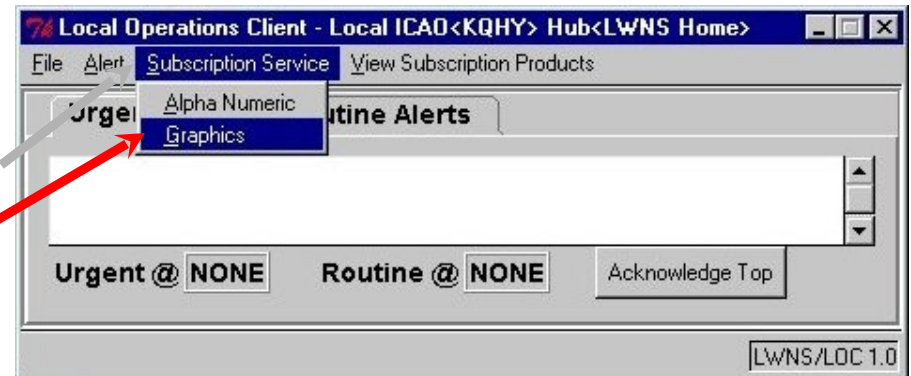

- To select available graphic products and loops, click on **Subscription Service**.

LWNS/LOC - Operations

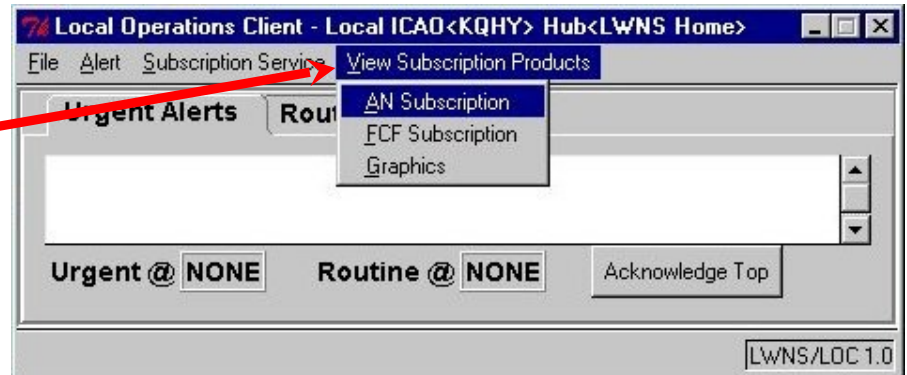

- To select available graphic products and loops, click on **Subscription Service**.
- Click on **Graphics**.
- Rest of process is same as selecting A/N products.

LWNS/LOC - Operations

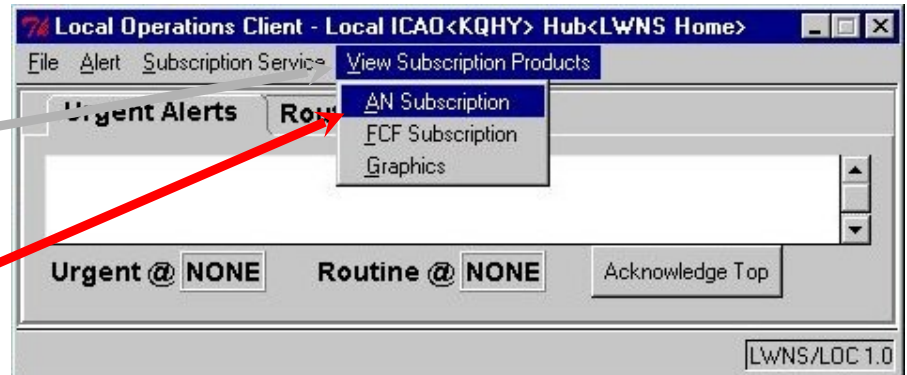

- To view available A/N products, click on **View Subscription Products**.

LWNS/LOC - Operations

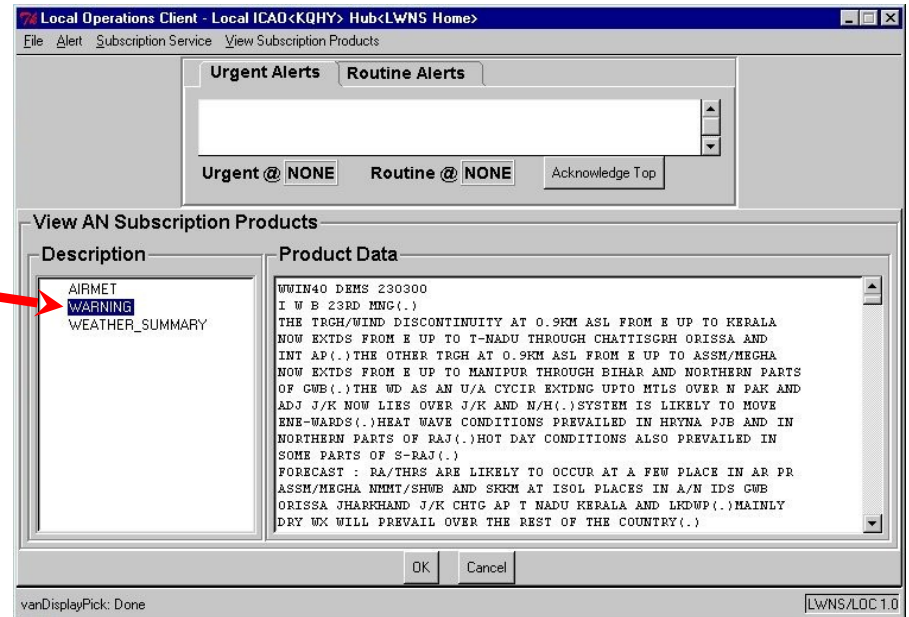

- To view available A/N products, click on **View Subscription Products**.
- Click on **AN Subscription**.

LWNS/LOC - Operations

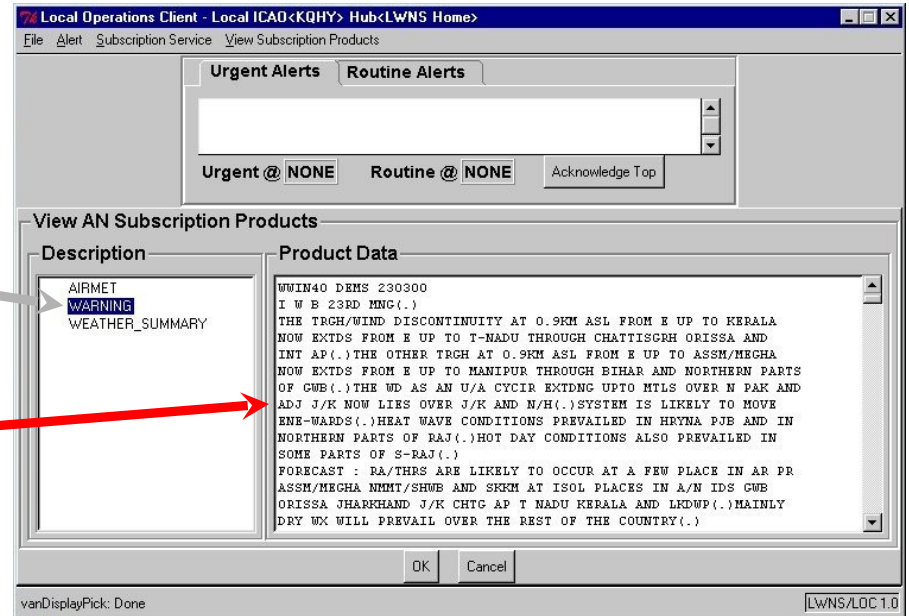

- Select a product from the **Description** window.

LWNS/LOC - Operations

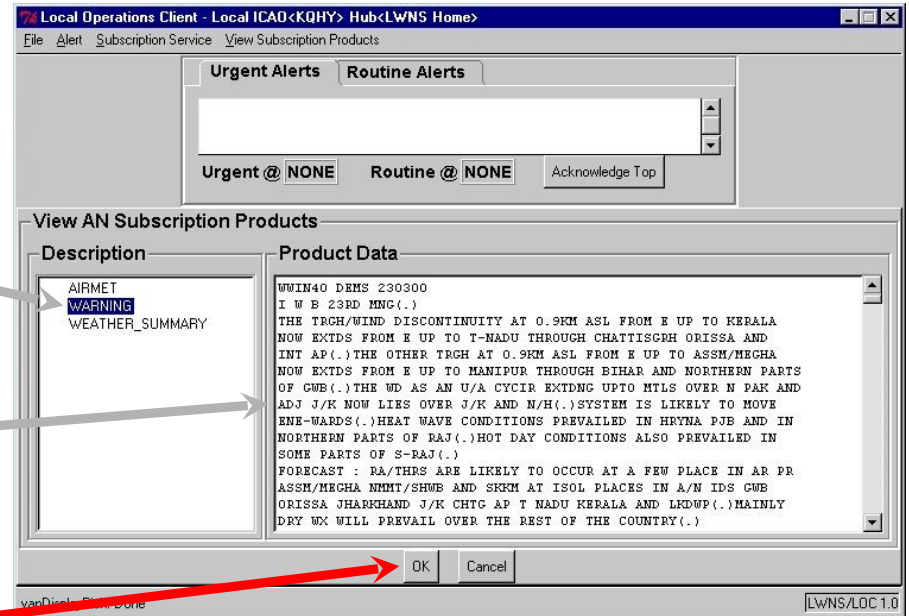

- Select a product from the **Description** window. (Desired A/N product appears in **Product Data** window.)

LWNS/LOC - Operations

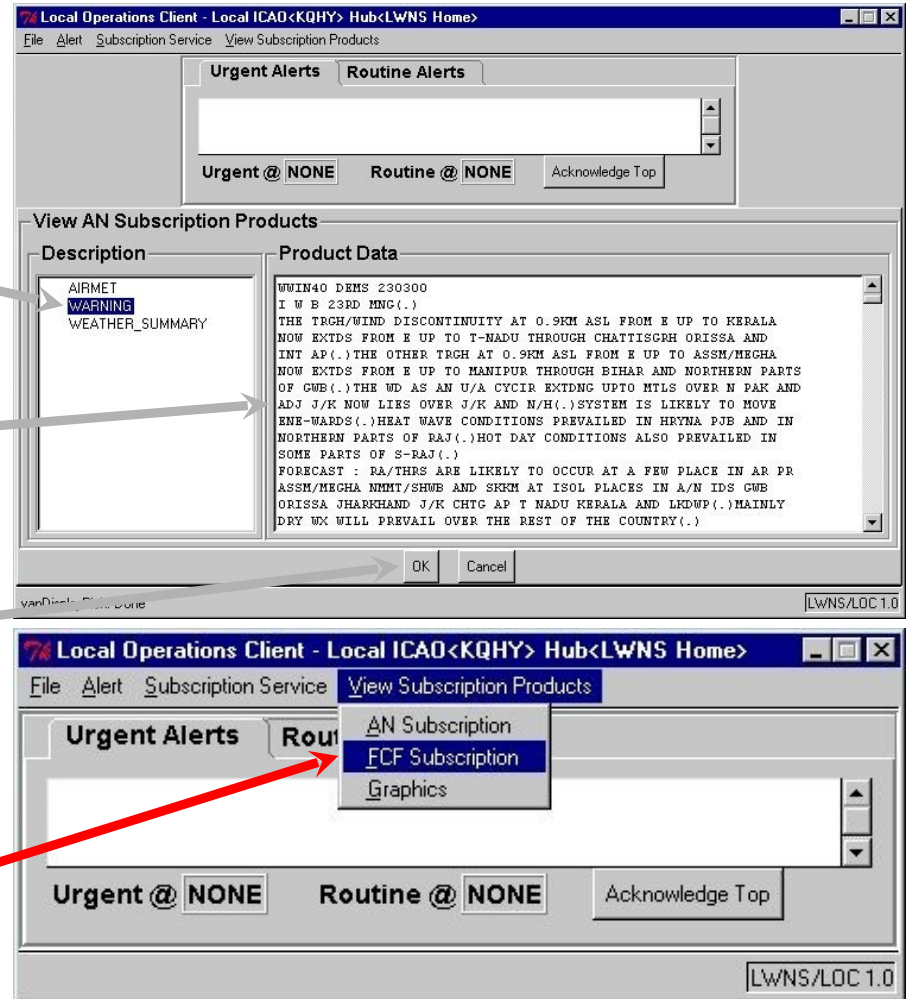

- Select a product from the **Description** window. (Desired A/N product appears in **Product Data** window.)
- When finished, select **OK**.

LWNS/LOC - Operations

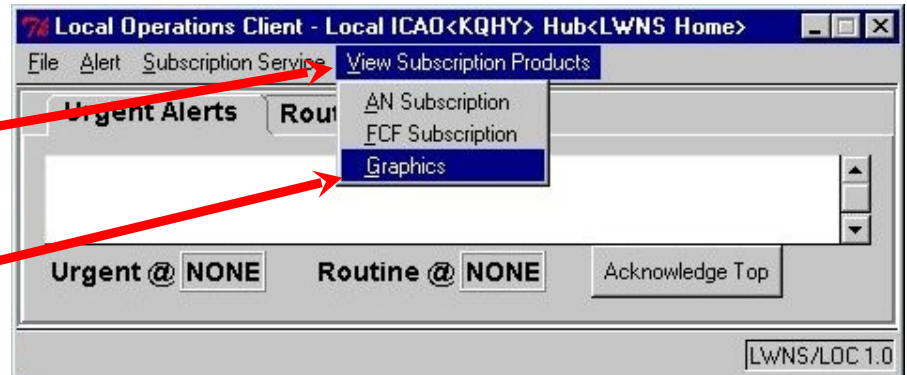

- Select a product from the **Description** window. (Desired A/N product appears in **Product Data** window.)
- When finished, select **OK**.
- Follow same procedures to view items in **ECF Subscription**.

LWNS/LOC - Operations

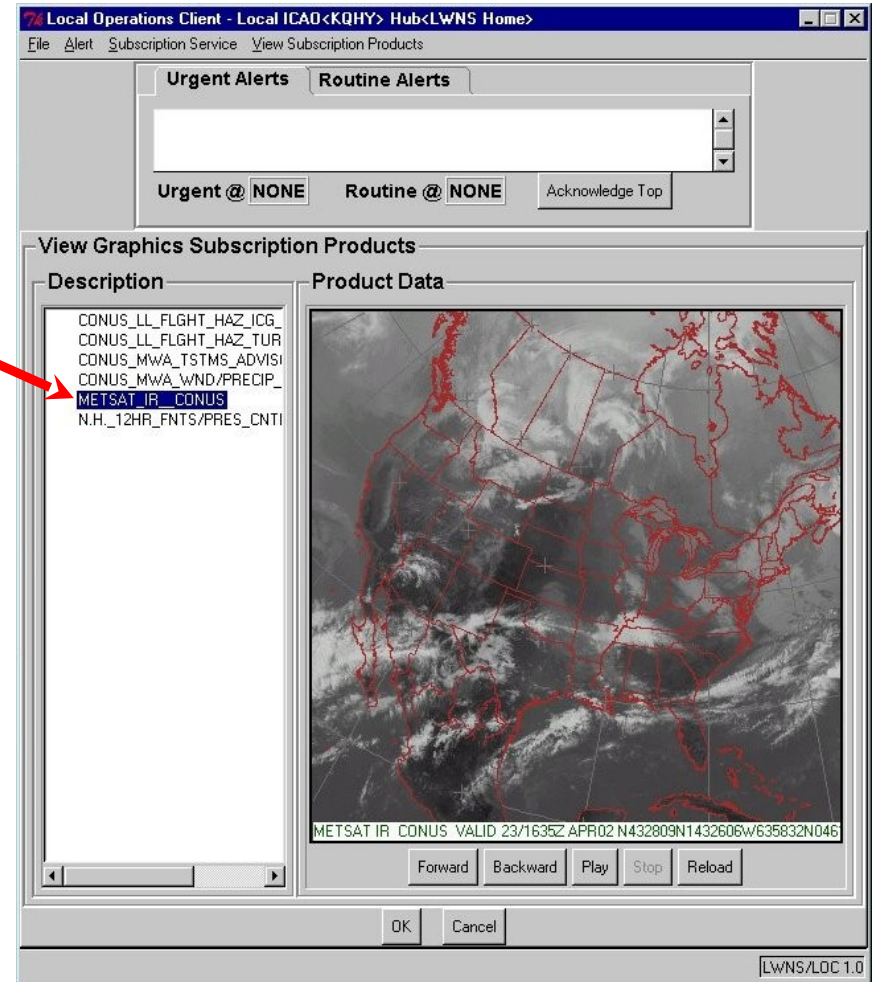

- To view available graphic products and loops, click on **View Subscription Products**.
- Click on **Graphics**.

LWNS/LOC - Operations

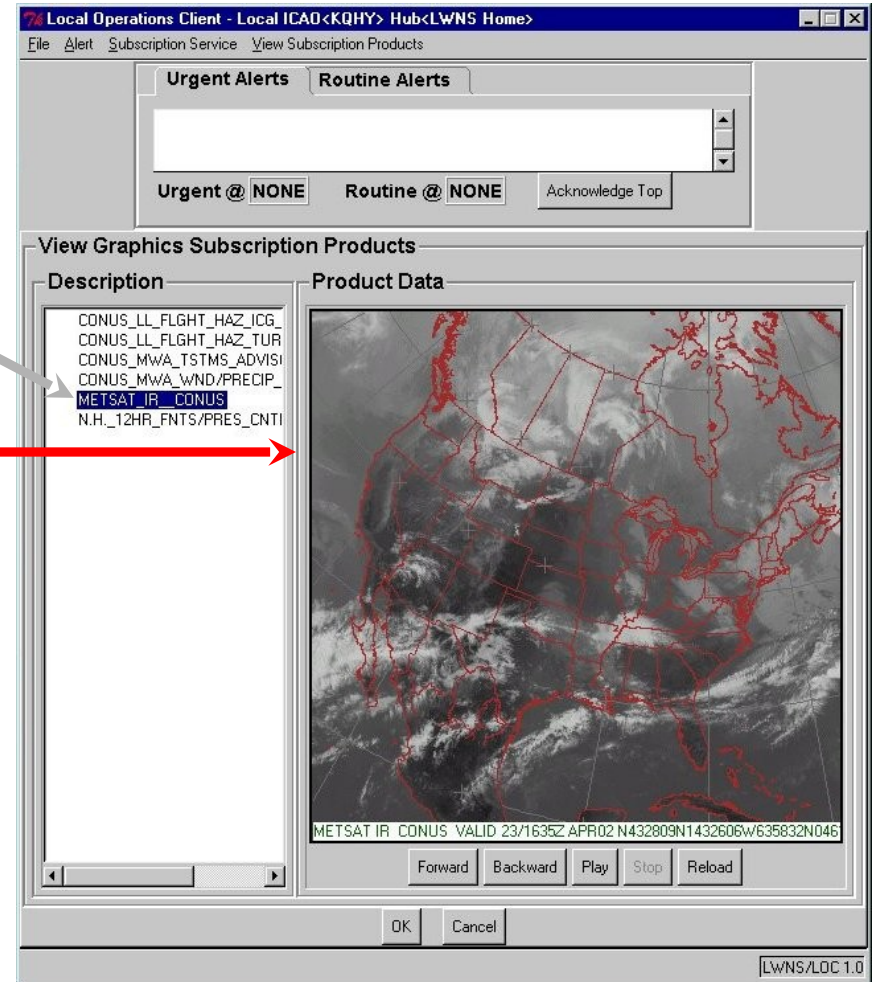

- Select a product from the **Description** window.

LWNS/LOC - Operations

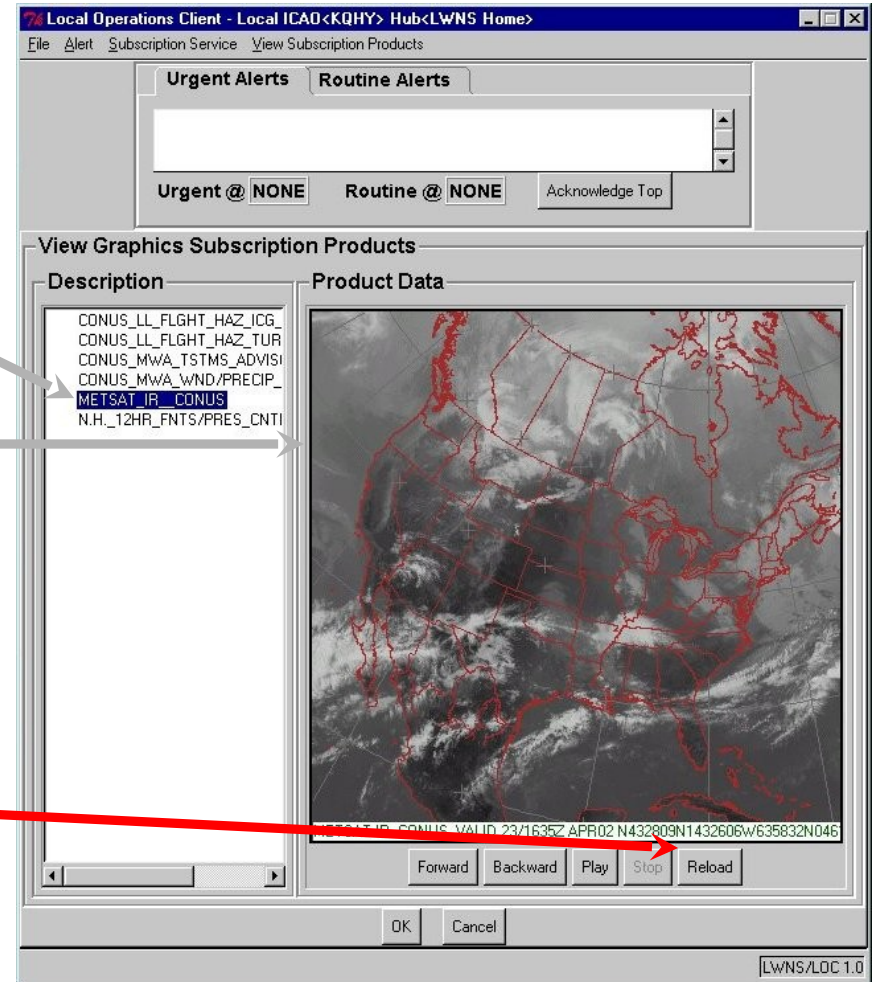

- Select a product from the **Description** window.
- Desired product appears in **Product Data** window.

LWNS/LOC - Operations

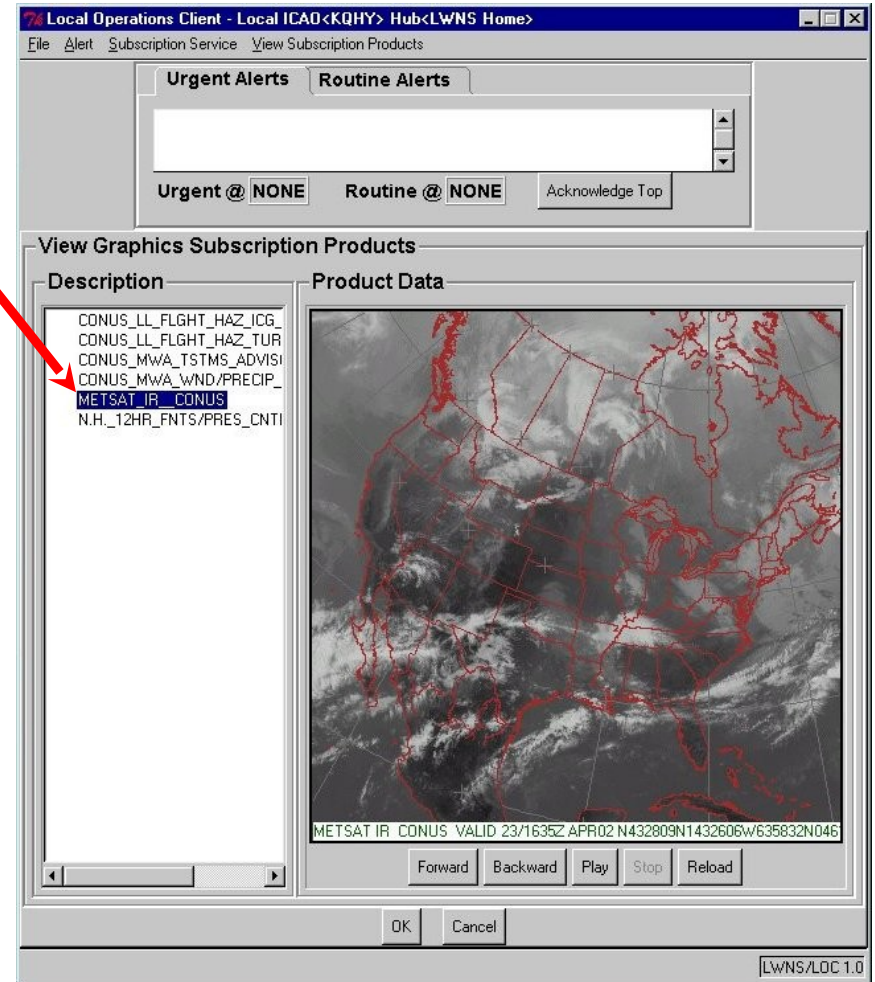

- Select a product from the **Description** window.
- Desired product appears in **Product Data** window.
- To look for an updated product, click on **Reload**.

LWNS/LOC - Operations

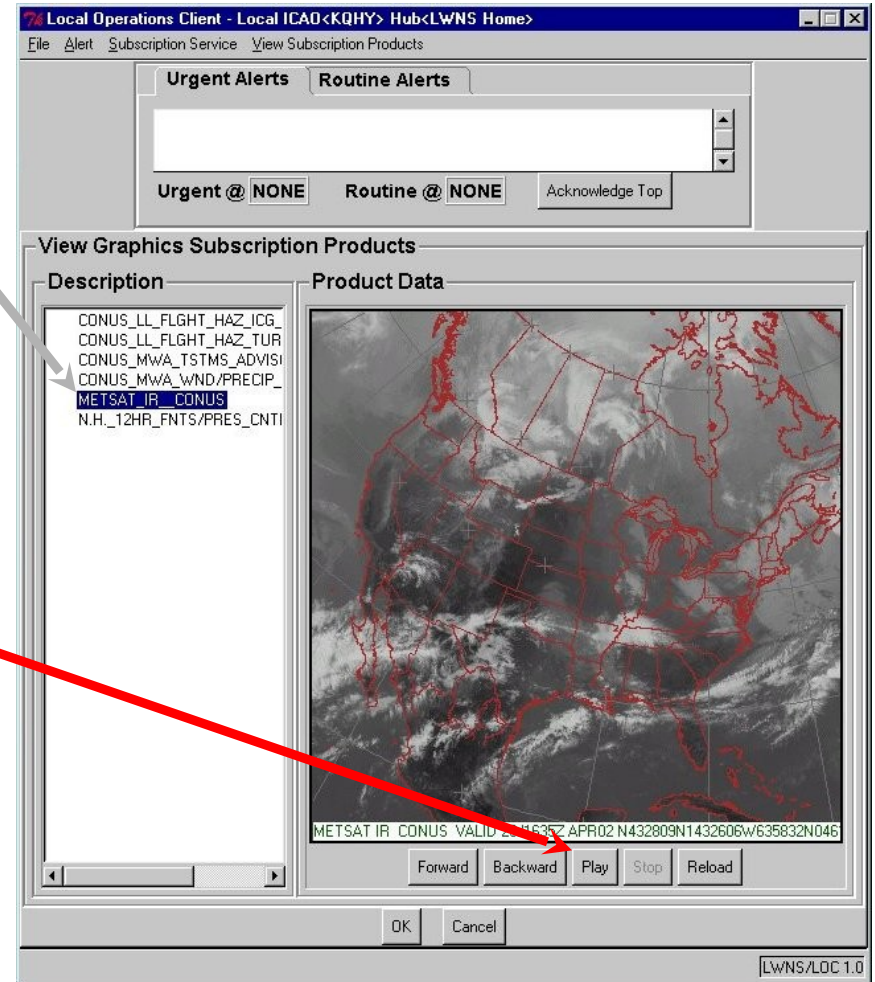

- To view loop of images, first click on the item **Description** (may take 30 seconds to 2 minutes to load, depending on size and LAN traffic).

LWNS/LOC - Operations

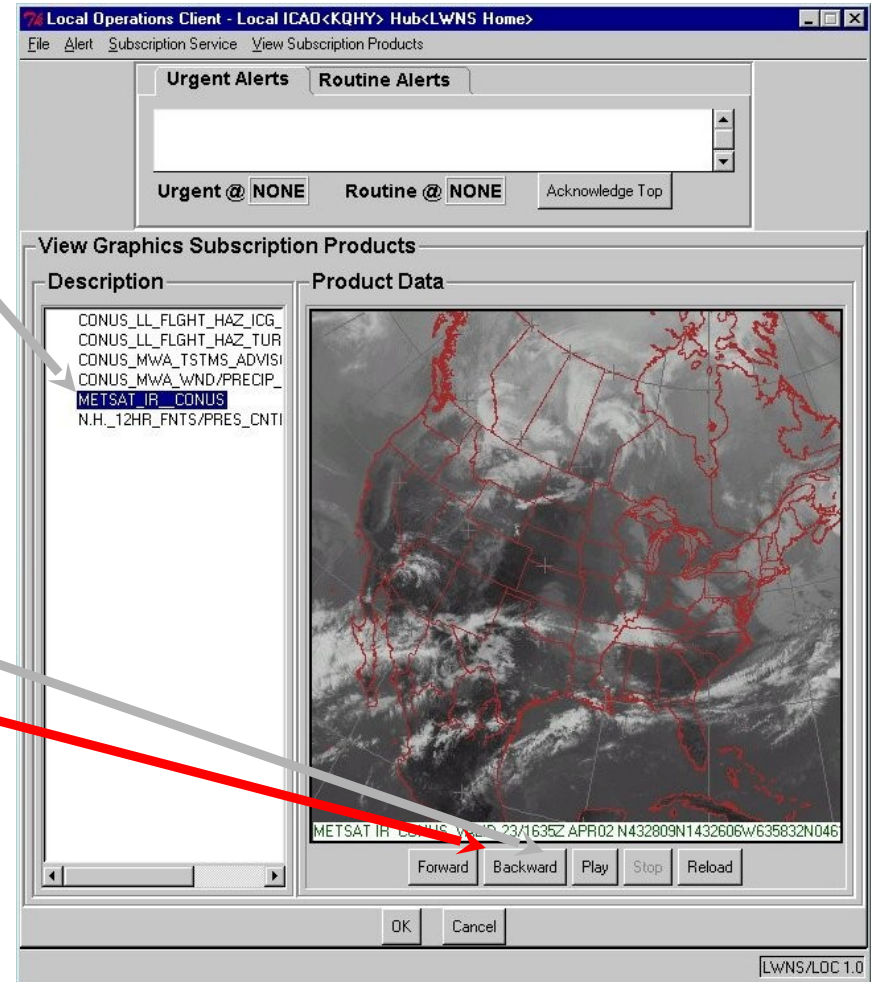

- To view loop of images, first click on the item **Description** (may take 30 seconds to 2 minutes to load, depending on size and LAN traffic).
- Click on **Play**.

LWNS/LOC - Operations

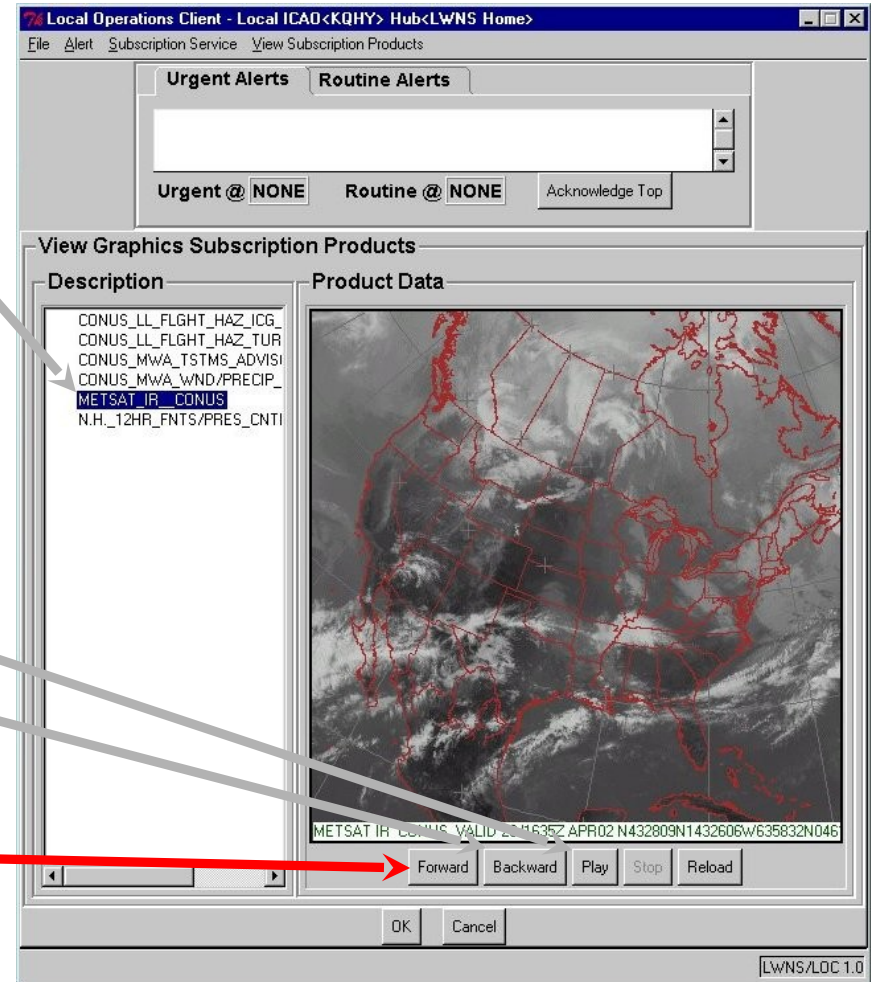

- To view loop of images, first click on the item **Description** (may take 30 seconds to 2 minutes to load, depending on size and LAN traffic).
- Click on **Play**.
- To loop images in reverse order, click on **Backward**.

LWNS/LOC - Operations

- To view loop of images, first click on the item **Description** (may take 30 seconds to 2 minutes to load, depending on size and LAN traffic).
- Click on **Play**.
- To loop images in reverse order, click on **Backward**.
- To return loop to normal play, click on **Forward**.

LWNS/LOC - Operations

- To exit the LOC application:
 - Click on **File**.
 - Click on **Exit**.
